

Who Ya Gonna Call?

The Harmonia Hotline “Compliance Connection”

1-888-984-8659

This hotline is provided for our employees to use when they have a Compliance or Code of Ethics concern. You are encouraged to go to your supervisor directly but in the event you are not comfortable doing so, you can leave your comments regarding workplace issues on this confidential line and know that they will be addressed in a timely manner.

Our employee hotline gives you a safe way to confidentially report without the fear of retaliation. By empowering employees to speak up, we are working towards improving employee satisfaction and retention, as we seek to solve problems faster.
